TRUE Academy Partnership Opportunity 2025-2026 School Year

Welcome

We are excited that you are interested in partnering with TRUE Academy to enrich the lives of our students and benefit the Oshkosh community for years to come. Below is a comprehensive list of partnership opportunities for your business to make a meaningful impact.

About TRUE Academy

TRUE Academy works closely with students, their families, and their home school staff to help students develop the skills they need to successfully return to a traditional school setting. The relationships and skills built at TRUE Academy support students not only in school, but also as they grow into respectful, responsible members of our community. Through a comprehensive, standards-based instructional approach, every student receives an engaging, relevant curriculum designed to help them earn high school credits and graduate with an Oshkosh Area School District diploma.

TRUE Academy serves students with unique behavioral, emotional, and social needs who have not yet found success in a traditional school environment. We prioritize student mental wellness through individual counseling, small group support, and on-site clinical therapy services. TRUE Academy also partners with the Winnebago County Department of Human Services and other community agencies to connect students and families with resources that help them overcome barriers to success.
