BUSH PERFORMING AT STAGECOACH ON APRIL 25

“When Gavin Rossdale’s voice comes floating in over it all, you know exactly who it is. He’s got a dramatic, impassioned delivery that helps him sell even the most ambiguous lyrics and turns his best lines on the new record into slogans you can imagine yourself howling back at him in an arena.”

— *Stereogum*

“This is what real live rock sounds like.”

— *AllMusic Magazine*

“Bush immediately started the show with a goosebumps-inspiring energy... If we’re talking rock performances, Bush not only did it right, but put on the type of show you’re truly supposed to.”

— *The Spokesman-Review*
