## Oshkosh Arena Adopts New Clear Bag Policy to Enhance Patron Safety

**Oshkosh, Wis.** - VenuWorks of Oshkosh, the management team at the Oshkosh Arena, has announced a new clear bag policy designed to improve safety and security for all guests attending events at the venue. Effective immediately, only the following bags will be permitted inside the arena:

- Bags for medical purposes
- Lactation bags
- Small diaper bags
- Clear bags measuring 10" x 6" x 2" or smaller

All other bags will not be allowed.

“Our top priority is the safety and security of everyone who visits Oshkosh Arena,” said Executive Director Andy Linton. “This policy helps us create a safer environment while ensuring that guests can still bring essential items in a way that is quick and efficient during entry.

“Oshkosh is a safe and welcoming community, in part, because community members come together in the spirit of keeping it that way. That’s what we are asking everyone to embrace with this new bag policy.”

For more information on the clear bag policy and all other venue guidelines, please visit [oshkosharena.com](http://oshkosharena.com).
