OSHKOSH, Wis. – VenuWorks of Oshkosh is thrilled to announce that Majesty – A Tribute to Queen, the UK’s premiere touring Queen tribute band, will bring its internationally acclaimed production to Oshkosh Arena at 8 p.m. Friday, March 13.

Often described as “the world’s greatest tribute to the world’s greatest rock band,” Majesty has spent more than a decade electrifying audiences around the globe with high-energy performances that capture the magic, musicianship and theatricality of Queen’s legendary live shows.

Known for its meticulous re-creation of Queen’s iconic concert moments, Majesty features some of the UK’s top actors and musicians, each dedicated to honoring the timeless legacy of Freddie Mercury, Brian May, John Deacon and Roger Taylor.

At the front of the band is celebrated actor and musician Rob Lea, widely recognized for his powerful vocals, dynamic stage presence and uncanny ability to channel Freddie Mercury. With a master’s degree in professional acting, Rob uses his theatrical expertise to bring an unmatched level of detail and authenticity to the stage.

Audiences and industry professionals alike have hailed Majesty as the pinnacle of Queen tribute performances. Bass Beats Productions praised the group as “the best tribute band I’ve ever seen. Rob Lea gave an absolute master class in performing as Freddie Mercury. I was in awe.” One recent concert-goer called the show “not to be missed,” adding, “They have it all! Talent—the best tribute band. They enjoy what they do and are full of energy and lots of fun!”

From the anthemic power of “Bohemian Rhapsody” to the crowd-stirring pulse of “We Will Rock You,” Majesty delivers a world-class Queen experience that continues to captivate fans of all ages.
