

American Airlines Begins Their 2nd Daily Charlotte Flight

We are proud to announce American Airlines has added a second daily nonstop flight to Charlotte, North Carolina out of Appleton due to popular demand. Back in November was the start of our Charlotte route, and because of the great response from the community, we were able to get another flight.

Both flights are on the Embraer E-175, a new regional airliner that feels like a larger jet. It has 76 seats total, 12 of them being first-class seats.
