

Do you Suffer from Chronic Pain?

Mansoor Aman, MD

Vishal Patel, MD

Chronic pain doesn't just hurt your body – it can also hurt your quality of life.

If you are suffering, please join us for this free, informational program led by Aurora Health Care's interventional pain management physicians, Dr. Mansoor Aman and Dr. Vishal Patel. They will talk about the common pain conditions seen in their practices and also discuss treatment options and minimally invasive therapies that can be used to treat chronic pain. Both doctors will answer questions from attendees as time allows.

Dr. Aman and Dr. Patel are board-certified interventional pain physicians who use the latest technology and state-of-the-art equipment to diagnose and treat pain disorders. Both physicians see patients at the Aurora Health Center in Oshkosh.

Thursday,
November 2
6:30-7:30 p.m.
