On this day in 1940 the Magnet, at 519 N. Main St. in Oshkosh, became the first tavern in the State of Wisconsin to be issued a beer-only license. To this day, the Magnet continues to carry on much as it always has. It's still primarily a beer and pool hall and they're still serving their famous Magnet chili dogs. The Magnet remains a good-time Oshkosh fixture, and a place where you can have a beer, shoot some pool and touch history where it lives.
