About us:

The rewards of belonging to the Garden Club go far beyond the pleasure of growing things. Membership also provides an opportunity to expand your interests and build lifelong friendships while bettering your community and the environment.

In addition, because the Oshkosh Garden Club is a member of National Garden Clubs, Inc., membership allows you to connect with an international gardening network. NGC is the largest volunteer organization of its type in the world and offers extensive educational programs, including these regional workshops open to Oshkosh Garden Club members:

- [Flower Show School](#)
- [Gardening Study School](#)
- [Environmental Study School](#)
- [Landscape Design Study School](#)
