

Stephanie Carlin

Member, Board of Education, Oshkosh Area School District.

Occupation: Part-time writer/consultant, full time mother of three kids in the Oshkosh Area School District.

Board Member, YMCA Board of Directors.

Board Member, Oshkosh for Education.

1. It is my hope that we do not have funding shortfalls and are able to stay within our budgetary constraints.
2. We are currently working on our strategic plan. We worked closely with the business leaders and Oshkosh4Education to gather community input. I am excited to see the final results that will be presented to the board in the upcoming weeks.
3. My priority is our students. Every decision I make is based on what is best for our students.
4. Since education isn't a business, I don't think we have just one customer. The community as a whole is our customer. Every person and business has a stake in our educational system. Our schools are the foundation of a strong community and can be an economic driver. When families choose to enroll students in the OASD our community benefits.
5. The school board upholds decisions made in Madison.
6. It is too soon to answer this question. We are in the middle of a comprehensive facilities study and are evaluating capacity and maintenance issues in every school. The ultimate goal is to develop a facilities plan in the upcoming year.
7. Please see following link for upcoming plans related to health care. <https://drive.google.com/file/d/1yJdsVqVcGwJVIsA1lrkSNkd1cFNbfpdk/view>
